

## Acacia 'Limelight'<sup>®</sup>

### LUSH DECORATIVE FOLIAGE

**Origin:** Mt Gambier, Australia

**Species:** *Acacia cognata* 'Limelight'

**Protection Status:** PBR protected

Full sun

Part shade

Height 60cm to 1m

Spread to 1m

### Features:

- Compact form - tight, mounded weeping habit
- Outstanding decorative foliage - fine, pendulous leaves in fresh lime green colour
- Year round ornamental value
- Dry tolerant
- Easy to grow with minimal maintenance
- Australian native

### Suggested Uses:

- Can be mass planted as well as for garden or tub specimen
- Small gardens, patios and courtyards
- Year round interest for general garden use
- Native, exotic, oriental or tropical style garden designs
- Hardy for commercial landscaping projects

### Water Requirements:

Low. Once established, quite dry tolerant requiring only occasional deep watering during extended periods of heat.

### Care:

Plant in most soil types that are well draining. Pruning generally not required. Feed in spring with a native formulated fertiliser for best results. Will tolerate light frost.

**Awarded 'National  
Marketing Award 2012'  
by the Nursery and  
Garden Industry of Australia**
